

King Soopers Gift Card Program:

By ordering a reloadable King Soopers card from HRA, you can earn 5% of your purchases/reloads as credits toward your HRA account!

Here's how the program works:

- Contact the program coordinator, Mira Brand, to order your reloadable King Soopers card. **Gift cards used during last season can continue to be used in this program for the new swim season!**
- Mira Brand will order the new card from King Soopers Corporate. This new card will be assigned to HRA and Mira will then assign that card number to your HRA family account.
- Each card comes preloaded with \$100; this amount (times the number of cards ordered) will be charged to your HRA account.
- Once your card has been delivered to you, you may begin using it immediately... you reload it at KS when you need more money on it.
- Every 4 weeks Mira Brand will receive a statement indicating how much each family in the program has reloaded on their card.
- **5% of all reloads (including the initial \$100 purchase) will be applied as a credit to your HRA account!**
- You may purchase more than one card through HRA (i.e., for other family members or friends.) Each card you purchase will be assigned to your family account and when reloaded, any credits earned go back to you!
 - **This program is available to those who have chosen to participate in Fundraising Option #1 and pay their Fundraising fees by the end of December.**
 - **You cannot buy a gift card directly at King Soopers and use it with this program because that card number will not be tied back to HRA.**

The 5% credit is dependent upon the team's total card re-loads of \$5,000.

Credits will not be issued to HRA by King Soopers until the \$5,000 minimum has been met.

When will earned credits be applied to my HRA Account?

You will get a 5% credit for what you spend (reload) on the card. These credits will be applied to your account after your annual HRA fundraising requirement has been met.

Note: Credits earned in the first 4 months of the season (September-December) will be applied to accounts in January 2013.

Subsequently, any credits earned from January on will be applied to accounts on a monthly basis through August 2013.

Based on last report received in July prior to August invoice. No leftover credits in August may be applied to the next season.

USE IT FOR GAS, TOO!

You may use your gift card to purchase gas at the following King Soopers gas stations.

- ➔ **COUNTY LINE & HOLLY**
8200 S. Holly, Littleton
- ➔ **CASTLE PINES PARKWAY**
7284 Lagae Road, Castle Rock
- ➔ **PARKER ROAD & I-225**
190 S. Parker Road, Aurora

MORE DETAILS . . .

HOW DO I RELOAD THE CARD? Go to the King Soopers customer service desk and ask them to reload your card with the amount you want - between \$2.50 and \$500. You can reload your card using cash, check, credit or debit card. You can reload the card as often as you want. The reloaded card will be ready to use within 5-15 minutes. (You may also re-load your card at the checkout stand. If you choose this location, your funds should be available immediately.)

WHAT HAPPENS IF I LOSE MY CARD? Call Mira Brand ASAP. She will call King Soopers (Mon-Fri, 8:00-4:30) and see if there is still a balance on your card and IF they can transfer that balance to a new card for you. There are NO promises that someone hasn't already spent your balance.

WHAT HAPPENS IF MY CARD GETS DEMAGNETIZED? Go to King Soopers and the cashier can look up your balance with the number on the back of your card. They can manually charge your groceries with this number. Use up the balance on the card and then purchase a new card from Mira Brand.

WHAT HAPPENS IF I DON'T RELOAD AND MY BALANCE IS \$0? If your card has a \$0 balance for 90 days, King Soopers will cancel that card in their system. If you want to continue with the King Soopers fundraising program you will need to buy another card from HRA for \$100.00.

Please contact Mira Brand to order cards or for program information.
