

King Soopers Gift Card Program:

By ordering a reloadable King Soopers card from HRA, you can earn 2.5% of your purchases/reloads as credits toward your HRA fundraising requirement!

Here's how the program works:

- You can place an order when sending in your monthly dues. Just simply indicate that you would like to order one or more King Soopers gift cards, and include a check to cover the cost of the card(s).
- Gift cards come preloaded with \$100 so if you order 2 gift cards, please provide a \$200 check payable to HRA.
- Jill Hecomovich will order the new card from King Soopers Corporate. This new card will be assigned to HRA and we will then assign that card number to your HRA family account.
- Once your card has been delivered to you, you may begin using it immediately.... You reload it at KS when you need more money on it.
- Each month we will receive a statement indicating how much each family in the program has reloaded on their card.
- 2.5% of all reloads (including the initial \$100 purchase) will be applied as a credit to your HRA account towards your fundraising requirement!
- Orders will be placed once a month, based on orders received, and Jill Hecomovich will contact you to make delivery arrangements. NOTE: Gift cards can continue to be used each swim season, provided that your card has not had a \$0 balance for 90 days.
- You may purchase more than one card through HRA (i.e., for other family members or friends.) Each card you purchase will be assigned to your family account and when reloaded, any credits earned go back to you!
 - **You cannot buy a gift card directly at King Soopers and use it with this program because that card number will not be tied back to HRA.**

When will earned credits be applied to my HRA Account?

You will get a 2.5% credit for what you spend (reload) on the card. These credits will be applied to your account each month.

Note:

The 2.5% credit is dependent upon the team's total card re-loads of \$5,000. Credits will not be issued to HRA by King Soopers until the \$5,000 minimum has been met.

USE IT FOR GAS, Too

You may use your gift card to purchase gas at any of the Denver area King Soopers gas stations. Several close by are:

- **COUNTY LINE & HOLLY 8200**
S. Holly, Littleton
- **CASTLE PINES PARKWAY**
7284 Lagae Road, Castle Rock
- **PARKER ROAD & I-225**
190 S. Parker Road, Aurora

MORE DETAILS . . .

HOW DO I RELOAD THE CARD? Go to the King Soopers customer service desk and ask them to reload your card with the amount you want - between \$2.50 and \$500. You can reload your card using cash, check, credit or debit card. You can reload the card as often as you want. The reloaded card will be ready to use within 5-15 minutes. (You may also re-load your card at the checkout stand. If you choose this location, your funds should be available immediately.)

WHAT HAPPENS IF I LOSE MY CARD? Call Jill Hecomovich ASAP. She will call King Soopers (Mon-Fri, 8:00-4:30) and see if there is still a balance on your card and IF they can transfer that balance to a new card for you. There are NO promises that someone hasn't already spent your balance.

WHAT HAPPENS IF MY CARD GETS DEMAGNETIZED? Go to King Soopers and the cashier can look up your balance with the number on the back of your card. They can manually charge your groceries with this number. Use up the balance on the card and then purchase a new card from Mira Brand.

WHAT HAPPENS IF I DON'T RELOAD AND MY BALANCE IS \$0? If your card has a \$0 balance for 90 days, King Soopers will cancel that card in their system. If you want to continue with the King Soopers fundraising program you will need to buy another card from HRA for \$100.00.

Please contact
Jill Hecomovich to
order cards or for
program information.
